**COMPREHENSIVE ENGINEERING SERVICES  
RFP 2013-03**

The Town of Milton has accepted proposals for Comprehensive Engineering Services on August 16, 2013 at 4:30 pm.

Proposals will be evaluated with regard to conformity to the description in the Request for Proposal. The experience of the firm, with regard to work most often performed for the Town of Milton, is essential. Support services within the firm and through a well-described network of specialists will also be considered.

The Town Manager and a consultant will make a preliminary review of the proposals. The Mayor and Council will review all proposals and use the rating table enclosed within the Request for Proposal. Top-rated firms will receive an invitation for a representative to attend an interview.

It is anticipated that all prospective vendors will receive a response, or an invitation to interview, from the Town Manager's office by October 1, 2013. Selection of a firm is dependent upon the outcome of negotiations with top-rated firms. The date for the conclusion of this process is indeterminate.
